

### Data from survey

#### ► Overview of the three acquisitions

Acq. 1	Acq. 2	Acq. 3
Shapefiles	Shapefiles	Shapefiles
Panoramic images	Missing	Panoramic images
LiDAR integrated scans	Missing	Missing

- How we supposed to use Acq. 2?
- Only Acq. 1 appears semi-complete, but several data is missing
  - Single camera images at a good frame rate (main issue), single LiDAR scans, ...

3

### Single LiDAR scans

### Data from survey

5

### Data from survey

6

### Data from survey

- Panoramic images
  - Low frame rate
  - Single images missing
- GPS is RTK?
- Laser and radar data
  - Single LiDAR scans are missing
  - Waved pattern in the data, which may be ok
  - Purple line
- Radar data is missing (wish)
- In general, these acquisitions have less useful data for us w.r.t. the Adegliacco dataset
